

KMMA Quarterly – September

Regency entryway sign update!

If you had signed up on the website for newsletters and other announcements you would already know that the sign was hit Thursday night/Friday morning by a drunk driver. The board is reviewing the options available to fix the sign. We are also going to contact both the driver of the car and her insurance company so that the subdivision doesn't have to pay for her negligence. Please let any of us know if you should have any questions.

Boats, Trailers, Oh My!

We are having problems with neighbors not following the deeds and restrictions, which read, *No inoperative vehicles or commercial vehicles, house trailers, or mobile homes, boats and boat trailers shall be permitted to be parked or stored on any lot....unless such vehicles are parked or stored in the garage.* Please contact the board with any concerns you may have.

Did you know that in addition to the KMMA deeds and restrictions, Orion Township has a code against parking boats and inoperative vehicles in your driveway or front yard? Code Enforcement can be reached at 248-391-0304 ext. 131

School Bus Reminder

If you are picking up or dropping off your child for the bus please make sure you park on the west side of Ashley. Please be respectful for the neighbors that live in that area. Do not block driveways and do not park on their grass.

KEATINGTON MEADOWS IS ONLINE!!

We have started a website as a faster, easier way to keep you informed. It was recently used to inform subscribers and visitors of an animal emergency and of updates in the potential CVS move.

On the site you will find:

- Board Information
- Newsletters and Treasury Report
- Bylaws
- Events Calendar
- Community Links
- Feedback Form
- Directory (coming soon)

Visit the site to sign up for the email newsletter and updates.
